Innovation | UX Research | UX & Service Design | Strategy

Lewkowicz Noëlle

+33(0)7.69.61.58.36 @ noelle.lewkowicz.pro@gmail.com Paris 17ème

Skills

Research: Qualitative (interviews, observations and field studies in France, Sweden, USA, Belgium, Switzerland...) and quantitative (surveys) research, personas, and user journey mapping.

Design : shaping concepts into viable startup opportunities, identifying and improving weak UX in existing products, storyboards, service design blueprints, prototyping (Figma, paper), user testing (remote and in situ); design fiction, and co-creation workshops.

Collaboration and communication: Work with cross-functional teams and stakeholders, designers and entrepreneurs to transform early concepts into validated prototypes and service models, roadmaps and tailored methodologies.

Experience

Lead UX & Service designer | Self-Employed — **2025- Present**

I accompany companies in their UX, service design and ux strategy projects, whether auditing and redesigning existing products and websites , preparing and leading exploratory research and design work for new services.

Lead UX Researcher/ Service Designer | Kamet Ventures, Paris — **2022 - 2025**

Defined and executed research and design strategies across healthcare innovation projects.
Projects: Addiction care (Eos); Digital solutions for Nurses; Neurodevelopmental disorder detection service (Novadev); etc.

UX & Service Designer | WeDigitalGarden, Paris — **2017 - 2022**

Designed end-to-end user experiences, balancing user needs with business opportunities accross diverse industries.
Clients: Bristol-Myers Squibb, Weber, L'Oréal, Kering, Total, Legrand,

Fashion Designer | Full time and freelance (USA) — **2011 -2017**

Childrenswear garment design and development for companies such as Li & Fung, OshKosh, Sears/ Kmart, Victoria's Secret, and the Children's Place, as well as giving sewing classes to elementary age children.
